In-Person Voting

All Voters who go to a polling site will **VOTE BY PROVISIONAL BALLOT - NOT ON A MACHINE**
(except voters with disabilities may vote on an ADA-accessible voting machine)

Occupancy will be limited to a number that permits voters to maintain six feet between each other and poll workers. Poll workers will be required to wear face coverings and to wear gloves when in contact with voters. Voters are strongly encouraged to wear face coverings; however, a poll worker will not deny entry if a person refuses to wear a mask. Sanitization materials will be provided, such as hand sanitizer and sanitizing wipes, to poll workers, voters, and those accompanying voters. Frequent sanitization of high-touch areas in polling places consistent with CDC guidelines will be performed.
